

Finding the VicNet (Volgistics) app on an Android Phone

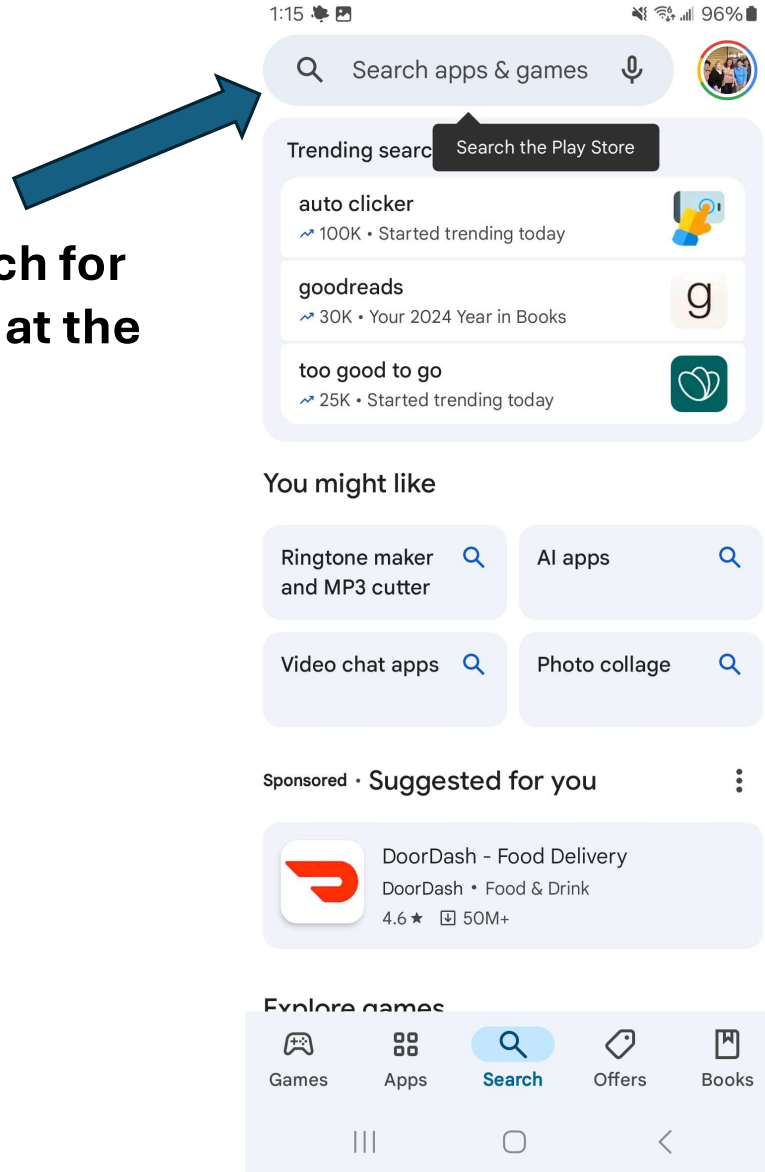

**Locate the “Play Store” icon
on your phone**

Play Store has many apps to choose from; you will need to search for VicNet

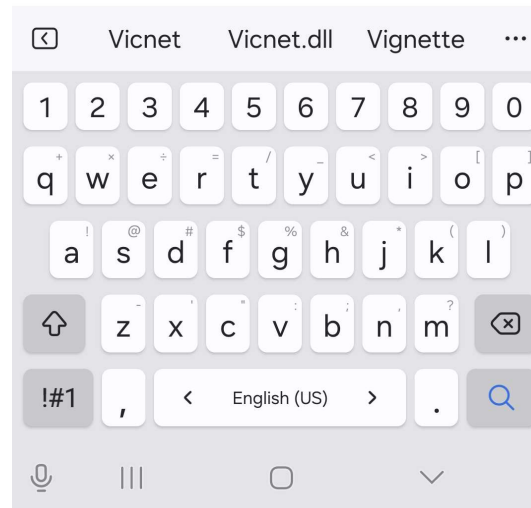

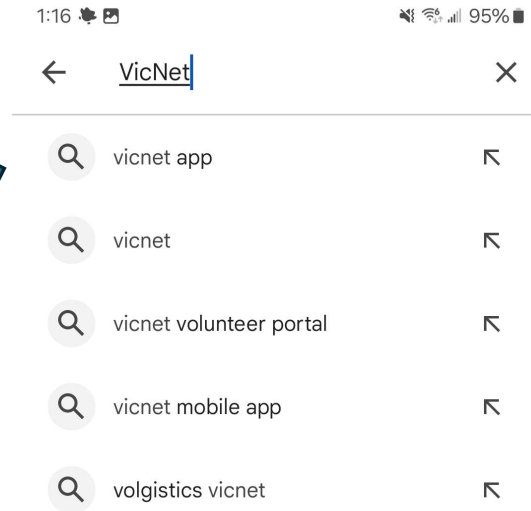

Click Search at the bottom of the screen

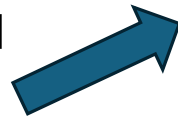

**Type in your search for
VicNet in the box at the
top**

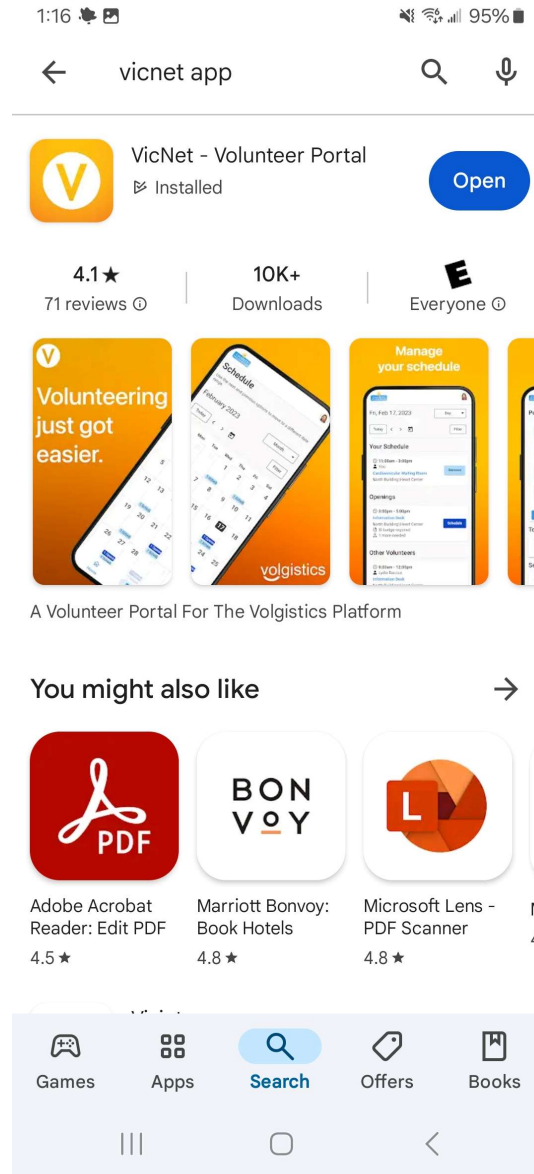

Tap on the vicnet app

Play Store has found
the VicNet app

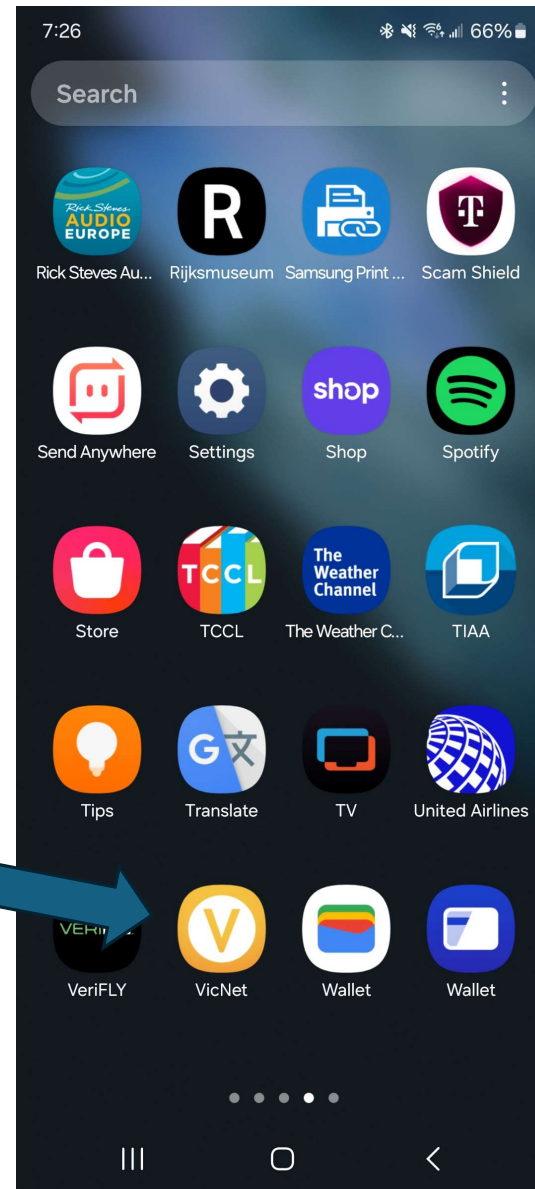

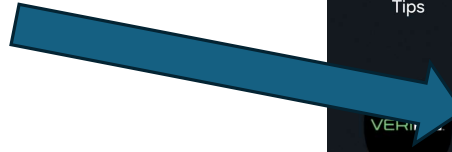

Tap on Install

Once the VicNet app is installed on your phone, go directly to the VicNet icon and tap to open

VicNet icon

**When you open
the VicNet app,
the Log In Page will
appear**

The screenshot shows the VicNet app's login interface. At the top, a purple header bar contains the 'VicNet' logo. Below this, the title 'Secure Login' is displayed with a lock icon. The form includes an 'Email' field with the text 'nancy@hammondo.org', a 'Password' field, and a 'Remember email' checkbox which is checked. At the bottom of the form are two buttons: 'Log In' and 'Password Reset'. The footer of the app shows 'VicNet by volgistics' and standard mobile navigation icons at the very bottom.
